## About

### Context:

#### ***Improving, expanding and remodelling mental health services***

In the 2019 NHS Long Term Plan the Government reinforced their commitment to mental health services by pledging investment will be at least £2.3 billion higher a year by 2023/24.

From providing mental health services for those in crisis and tackling suicide rates to providing community based mental health support for children and young people the Mental Health Summit will address key areas highlighted for improvement by the Long Term Plan.

Join colleagues and peers from a range of providers at the Summit and discuss the latest in providing outstanding mental health services in your community.
